

Conservation Montgomery

Benefits of membership

Conservation Montgomery is a 501(c)(3) public nonprofit organization.

Therefore, financial support of the organization is tax-deductible to the fullest extent allowed by federal law.

- Supporting preservation of the county's vital natural resources and community education on important issues
- Community-wide collaboration on a comprehensive set of environmental priorities
- Receiving updates on hot issues affecting county parks and other vital county assets
- Working with others in the community to cultivate environmental literacy
- Strengthening a conservation ethic in Montgomery County
- Networking with environmental and civic organizations
- Delivering a unified message to elected officials
- Gaining a better understanding of the connection between quality of life and natural resource protection
- Using research and data collected by Conservation Montgomery and partner organizations to support positions on the issues
